Mangawhai Walking Weekend

Information

We aim for this weekend to be an enjoyable time while making new friends and discovering Mangawhai. All walks are led by a leader who will set the pace of the group and remain in front; walkers are to keep with the group and stay between the leader and the 'Tail-end Charlie'.

- Walkers sign on at the beginning of each walk, and sign off at the completion – our way of accounting for all walkers.
- All walkers meet at the Mangawhai Domain, at the western end of Moir Street, in the Mangawhai Village. Note that this location is a change from previous years.
- Walks have limited numbers – please do not be disappointed if your first choice is not available.
- Please make sure you elect a second choice.
- Car pooling will be organised for some of the walks; this is arranged on the day. Some walks include the cost of bus transportation.
- Confirmation of your walks, and information about what to bring will be emailed/mailed to you.
- Most walks do not have toilet facilities. Toilets are available at the Mangawhai Domain.
- All recommended times include traveling time.
- For further information on walks contact Gordon Hosking: Phone 09 4315779
- For further information on bookings contact Dorothy Freeman: Phone 09 4315950

Walking Weekend Lunches

Lunch packs are available by pre-order for Saturday and Sunday. Please tick your selection on the Booking Form. Pick up is prior to walks on Saturday and Sunday. Your lunch pack will include a french stick roll with choice of filling; ham and salad with dressing or vegetarian – cheese and salad with dressing, plus an apple, banana and one home-made biscuit. **This is a Fundraiser for Senior Net Mangawhai**

Big Breakfast 8.15am Sunday \$12.50

This is a breakfast not to be missed and a highlight of the weekend. Our gourmet breakfast includes fruit platters, croissants, bacon, eggs, avocados and all the trimmings. Make sure you book for this celebration as numbers are restricted.

Grade of Walks :

- Grade 1.** Essentially flat with maybe a few gentle rises such as across a sand dune onto a beach. Sweat is unheard of on these tracks!
- Grade 2.** Flat to rolling with some easy short climbs on a well surfaced track. Not commonly used in training for the Coast to Coast!
- Grade 3.** Some good climbs of moderate duration, often with stream crossings and odd muddy/slippery patch, but on well-formed tracks. Be prepared for heavy breathing!
- Grade 4.** Includes some more demanding sections of steep climbs and descends but still on well-formed tracks, although requiring care on slippery surfaces and stream crossings. Real men and women walk these tracks – are you up to it?
- Grade 5.** We only have some very short sections of tough, steep, uneven, and demanding. Hillary would have trained on these!
